Who Moved My Cheese? An Amazing Way to Deal with Change in Your Work and in Your Life is a 1998 motivational business fable by Spencer Johnson that describes four reactions to change. The book is written as a parable about two mice and two "Littlepeople" during their hunt for cheese. A New York Times business bestseller upon release, Who Moved My Cheese? remained on the list for almost five years and spent over 200 weeks on Publishers Weekly's hardcover nonfiction list. As of 2018, it has sold almost 30 million copies worldwide in 37 languages and remains one of the best-selling business books.

Raw milk or unpasteurized milk is milk that has not undergone pasteurization, a process of heating liquid foods to kill pathogens for safe consumption and extension of shelf life.

Proponents of raw milk have alleged numerous purported benefits to consumption, including better flavor, better nutrition, contributions to the building of a healthy immune system and protection from allergies. However, no clear benefit to consumption has been found. In contrast, broad consensus in the medical community warns that there is an increased risk of contracting dangerous milk borne diseases from these products. Substantial evidence of this increased risk, combined with a lack of any clear benefit, has led countries around the world to either prohibit the sale of raw milk or require warning labels on packaging...

Doctor Who is a British science fiction television series broadcast by the BBC since 1963. The series, created by Sydney Newman, C. E. Webber and Donald Wilson, depicts the adventures of an extraterrestrial being called the Doctor, part of a humanoid species called Time Lords. The Doctor travels in the universe and in time using a time travelling spaceship called the TARDIS, which externally appears as a British police box. While travelling, the Doctor works to save lives and liberate oppressed peoples by combating foes. The Doctor usually travels with companions.

Beginning with William Hartnell, fourteen actors have headlined the series as the Doctor; the most recent being Ncuti Gatwa, who portrayed the Fifteenth Doctor from 2023 to 2025. The transition between actors is written into the plot...

The cuisine of Québec (also called "French Canadian cuisine" or "cuisine québécoise") is a national cuisine in the Canadian province of Québec. It is also cooked by Franco-Ontarians.

Québec's cuisine descended from 17th-century French cuisine and began to develop in New France from the labour-intensive nature of colonial life, the seasonality of ingredients and the need to conserve resources. It has been influenced by the province's history of fur trading and hunting, as well as Québec's winters, soil fertility, teachings from First Nations, British cuisine, American cuisine, historical trade relations and some immigrant cuisines.

Québec is home to many unique dishes and is most famous for its poutine, tourtières, pâté chinois, pea soup, fèves au lard, cretons and desserts such as grands-pères...
