The jack of the United States, referred to as the Union Jack by the U.S. Navy, is a maritime jack flag flown on the bow of U.S. vessels that are moored or anchored. In addition to commissioned U.S. Navy ships, the jack is used by the U.S. Coast Guard, the Military Sealift Command, the ships of the National Oceanic and Atmospheric Administration, and other U.S. government entities. While anchored or moored, the jack is flown on the bow of a ship, and the ensign (which for the U.S. Navy is the national flag) is flown on the stern. Once under way, the jack is lowered.

The Union Jack was adopted on June 14, 1777, alongside the U.S. national flag itself. Since then, the jack has essentially consisted of the canton of the national flag, with each star added to the national flag being added to the...

Jack-Jack Attack is a 2005 American animated short film written and directed by Brad Bird and produced by Pixar Animation Studios. It is tied into and included on the DVD release of The Incredibles.

The idea for this short came from an idea for a scene originally considered for inclusion in The Incredibles; it was cut from the feature and subsequently expanded into this short. The short revolves around the situations between Jack-Jack and his babysitter Kari McKeen (who was hired by Violet and Dash to watch Jack-Jack) during the events of the main film.

"Jack and the Beanstalk" is an English fairy tale with ancient origins. It appeared as "The Story of Jack Spriggins and the Enchanted Bean" in 1734 and as Benjamin Tabart's moralized "The History of Jack and the Bean-Stalk" in 1807. Henry Cole, publishing under pen name Felix Summerly, popularized the tale in The Home Treasury (1845), and Joseph Jacobs rewrote it in English Fairy Tales (1890). Jacobs' version is most commonly reprinted today, and is believed to be closer to the oral versions than Tabart's because it lacks the moralizing.

"Jack and the Beanstalk" is the best known of the "Jack tales", a series of stories featuring the archetypal English hero and stock character Jack.

According to researchers at Durham University and Universidade Nova de Lisboa, the story originated more than...

Monterey Jack, sometimes shortened to Jack, is a Californian white, semi-hard cheese made using cow's milk, with a mild flavor and slight sweetness. Originating in Monterey, on the Central Coast of California, the cheese has been called "a vestige of Spanish rule in the early nineteenth century, deriving from a Franciscan monastic style of farmer's cheese."

In addition to being eaten by itself, it is frequently marbled with Colby to produce Colby-Jack, or with yellow cheddar to produce cheddar-Jack. Pepper Jack is a version flavored with chili peppers and herbs. Dry Jack is a harder cheese with a longer aging time.
