It is also known as the Palestine yellow scorpion, Omdurman scorpion, and Naqab desert scorpion, as well as by many other colloquial names, which generally originate from the commercial captive trade of the animal. To eliminate confusion, especially important with potentially dangerous species, the scientific name is normally used to refer to them. The second episode is set 200 years after the first, and follows Lewis Deathstalker, a distant relative to Owen. Three additional novels, eventually republished as an anthology...
