A journey planner, trip planner, or route planner is a specialized search engine used to find an optimal means of travelling between two or more given locations, sometimes using more than one transport mode. Searches may be optimized on different criteria, for example fastest, shortest, fewest changes, cheapest. They may be constrained, for example, to leave or arrive at a certain time, to avoid certain waypoints, etc. A single journey may use a sequence of several modes of transport, meaning the system may know about public transport services as well as transport networks for private transportation.

Trip planning or journey planning is sometimes distinguished from route planning, which is typically thought of as using private modes of transportation such as cycling, driving, or walking, normally...

1984 Orlando mayoral election

opponents in the election: city planner Dale Smith, who had unsuccessfully run against Frederick in 1980, and financial planner Tim Adams. The Orlando Sentinel

The 1984 Orlando mayoral election took place on September 4, 1984. Incumbent Mayor Bill Frederick ran for re-election to a second term. He faced two little-known opponents in the election: city planner Dale Smith, who had unsuccessfully run against Frederick in 1980, and financial planner Tim Adams. The Orlando Sentinel endorsed Frederick for re-election, noting that voters should have "no hesitation" in re-electing him, because he was "the only one of the three candidates who offers th[e] potential" to deal with the city's problems. Frederick ultimately won re-election in a landslide, receiving 68 percent of the vote to Smith's 18 percent and Adams's 14 percent.

Flight dispatcher

(especially in larger airlines) a dispatcher will be assisted by a load planner. They must carefully plan the loading of the aircraft and do the weight

A flight dispatcher (also known as an airline dispatcher or flight operations officer) assists in planning flight paths, taking into account aircraft performance and loading, enroute winds, thunderstorm and turbulence forecasts, airspace restrictions, and airport conditions. Dispatchers also provide a flight following service and advise pilots if conditions change. They usually work in the operations center of the airline. In the United States and Canada, the flight dispatcher shares legal responsibility with the commander of the aircraft (joint responsibility dispatch system).
