Body language is a type of nonverbal communication in which physical behaviors, as opposed to words, are used to express or convey information. Such behavior includes facial expressions, body posture, gestures, eye movement, touch and the use of space. Although body language is an important part of communication, most of it happens without conscious awareness. In social communication, body language often complements verbal communication. Nonverbal communication has a significant impact on doctor-patient relationships, as it affects how open patients are with their doctor.

As an unstructured, ungrammatical, and broadly-interpreted form of communication, body language is not a form of language. It differs from sign languages, which are true languages with complex grammar systems and exhibiting...

Philip David Charles Collins (born 30 January 1951) is an English musician, songwriter, record producer and actor. He was the drummer and later became the lead singer of the rock band Genesis and had a successful solo career, achieving three UK number-one singles and seven US number-one singles as a solo artist. In total, his work with Genesis, other artists and solo resulted in more US top-40 singles than any other artist throughout the 1980s. His most successful singles from the period include "In the Air Tonight", "Against All Odds (Take a Look at Me Now)", "One More Night", "Sussudio", "Another Day in Paradise", "Two Hearts" and "I Wish It Would Rain Down".

Born and raised in west London, Collins began playing drums at the age of five. During the same period he attended drama school, which...

## Michael Collins (Irish leader)

Michael Collins (Irish: Mícheál Ó Coileáin; 16 October 1890 – 22 August 1922) was an Irish revolutionary, soldier and politician who was a leading figure in the early-20th century struggle for Irish independence. During the War of Independence he was Director of Intelligence of the Irish Republican Army (IRA) and a government minister of the self-declared Irish Republic. He was then Chairman of the Provisional Government of the Irish Free State from January 1922 and commander-in-chief of the National Army from July until his death in an ambush in August 1922, during the Civil War.

Collins was born in Woodfield, County Cork, the youngest of eight children. He moved to London in 1906 to become a clerk in the Post Office Savings Bank at Blythe House. He was a member of the London GAA, through...

## Mind-body dualism

*Springer. ISBN 978-3642032042. Collins, Robin. 2008. "Modern Physics and the Energy Conservation Objection to Mind-Body Dualism." The American Philosophical*

In the philosophy of mind, mind–body dualism denotes either that mental phenomena are non-physical, or that the mind and body are distinct and separable. Thus, it encompasses a set of views about the relationship between mind and matter, as well as between subject and object, and is contrasted with other positions, such as physicalism and enactivism, in the mind–body problem.

Aristotle shared Plato's view of multiple souls and further elaborated a hierarchical arrangement, corresponding to the distinctive functions of plants, animals, and humans: a nutritive soul of growth and metabolism that all three share; a perceptive soul of pain, pleasure, and desire that only humans and other animals share; and the faculty of reason that is unique to humans only. In this view, a soul is the hylomorphic...

No Jacket Required

No Jacket Required is the third solo studio album by the English drummer and singer-songwriter Phil Collins. It was released on 18 February 1985 by Virgin Records in the UK and by Atlantic and WEA internationally.

After finishing touring commitments with Genesis and working with Eric Clapton in 1984, Collins resumed his solo career and started work on a new album. He made a conscious decision to write more uptempo and dance-oriented songs, as much of his previous material was influenced by matters surrounding his first divorce. The album features Helen Terry, Peter Gabriel, and Sting as guest backing vocalists. Some songs, like "Don't Lose My Number" and "Sussudio", were based around improvisation, and others, like "Long Long Way to Go", had a political message.

No Jacket Required was received...

The Body in the Library

The Body in the Library is a work of detective fiction by Agatha Christie and first published in the US by Dodd, Mead and Company in February 1942 and in the UK by the Collins Crime Club in May of the same year. The US edition retailed at \$2.00 and the UK edition at seven shillings and sixpence. The novel features her fictional amateur detective Miss Marple.

The novel concerns the murders of two teenaged girls of outwardly similar appearance. One was an 18-year-old dancer, and the other was a 16-year-old Girl Guide with aspirations to an acting career. Jane Marple eventually uncovers the murderer. The story begins at St Mary Mead, the setting of the first Marple novel.

Contemporary reviewers liked the shrewd feminine viewpoint, though missing Poirot. Robert Barnard praised the novel for its...

Max Allan Collins (born March 3, 1948) is an American mystery writer, noted for his graphic literature. His work has been published in several formats, such as his Ms. Tree series and his Road to Perdition series was the basis for a film of the same name. He wrote the Dick Tracy newspaper strip for many years and has produced numerous novels featuring the character as well.

Mark Bowden (English author)

*Canada. Bowden is a commentator for national[clarification needed] news networks on body language analysis. During US Presidential and Canadian Federal elections*

Mark Bowden is an English author on body language and human behavior. His techniques have been used by Canadian Prime Minister Stephen Harper.

His work is derived from evolutionary psychology, behavioral psychology and embodied cognition. One claim by Bowden is GesturePlane System, or the specific use of open palm hand gestures in what he coins as the "TruthPlane" (the horizontal plane at navel height on the human body) to create feelings of trust, credibility, and confidence when communicating. This was described in his 2010 book, Winning Body Language.

He is also the President of The National Communication Coach Association of Canada.

Tongan (English pronunciation: TONG-(g)ʌŋ; lea fakatonga) is an Austronesian language of the Polynesian branch native to the island nation of Tonga. It has around 187,000 speakers. It uses the word order verb–subject–object and, although primarily spoken, the written form uses Latin script.

SMS language

*popularity of free-to-use instant messaging systems like WhatsApp over pay-per-message SMS has decreased the need to use SMS language. Observations and*

Short Message Service (SMS) language or textese is the abbreviated language and slang commonly used in the late 1990s and early 2000s with mobile phone text messaging, and occasionally through Internet-based communication such as email and instant messaging. Many call the words used in texting "textisms" or "internet slang."

Features of early mobile phone messaging encouraged users to use abbreviations. 2G technology made text entry difficult, requiring multiple key presses on a small keypad to generate each letter, and messages were generally limited to 160 bytes (or 1280 bits). Additionally, SMS language made text messages quicker to type, while also avoiding additional charges from mobile network providers for lengthy messages exceeding 160 characters.
