Ann Rae Rule (née Stackhouse; October 22, 1931 – July 26, 2015) was an American author of true crime books and articles. She is best known for *The Stranger Beside Me* (1980), about the serial killer Ted Bundy, her co-worker and one-time friend, who was later revealed to be a murderer. Rule wrote over 30 true crime books, including *Small Sacrifices*, about Oregon child murderer Diane Downs. Many of Rule's books center on murder cases that occurred in the Pacific Northwest and her adopted home state of Washington.

The rate of crime in Oregon, at least since 1985, has varied from below the United States national average to slightly above, depending on if one is looking at violent crime or property crime statistics. The violent crime rate remained below the national average every year between 1985 and 2022, while property crime generally remained above the average during that time. Every year between 2011 and 2020, Oregon maintained one of the 20 lowest violent crime rates in the United States. However, some of the most notorious serial killers in U.S. history were known for killing or operating in Oregon, including perhaps the most famous, Ted Bundy, as well as the second most prolific in terms of confirmed murders, Gary Ridgway, among many others.

True crime is a genre of non-fiction work in which an author examines a crime, including detailing the actions of people associated with and affected by the crime, and investigating the perpetrator's motives. True crime works often deal with violent crimes such as murders and serial killers, including high-profile cases (such as Ted Bundy, Charles Manson and the Zodiac Killer). A true crime work may use either a journalistic style with a focus on known facts, or a speculative style with a larger focus on the author's personal conclusions regarding a crime.

True crime has taken the form of various media, including literature such as magazines and books, television series and documentaries (which may sometimes feature dramatized scenes of the crime based on published accounts), and digital media...

I Knew You Were Trouble

Problems playing this file? See media help. "I Knew You Were Trouble" is about being involved with someone who is irresistible but flawed: Swift's narrator

"I Knew You Were Trouble" is a pop song by the American singer-songwriter Taylor Swift from her fourth studio album, Red (2012). She wrote the song with its producers, Max Martin and Shellback. The production, based around electric guitars and synthesizers, accentuated its refrain with a dubstep wobble and Swift's distorted vocals; music critics found the dubstep production a radical departure from her previous country pop sounds. In the lyrics, the narrator blames herself for not recognizing the warning signs of a past toxic relationship.

Big Machine, in partnership with Republic Records, released "I Knew You Were Trouble" to US pop radio on November 27, 2012, as the second pop single and the third overall from Red. The song peaked within the top 10 on record charts and received multi-platinum...

Hate crime

defines a hate crime as a traditional offense like murder, arson, or vandalism with an added element of bias. Hate itself is not a hate crime, but committing

Hate crime (also known as bias crime) in criminal law involves a standard offence (such as an assault, murder) with an added element of bias against a victim (individual or group of individuals) because of their physical appearance or perceived membership of a certain social group. Examples of such groups can include, and are almost exclusively limited to race, ethnicity, disability, language, nationality, physical appearance, political views, political affiliation, age, religion, sex, gender identity, or sexual orientation.

Hate crime should be distinguished from hate violence, or hate incidents, which might not necessarily be criminalised. Incidents may involve physical assault, homicide, damage to property, bullying, harassment, verbal abuse (which includes slurs) or insults, hate crime,...

Cowden family murders

murders were also the subject of a chapter in the book But I Trusted You (2009) by crime writer Ann Rule. Richard Cowden (age 28), his wife Belinda (age 22)

Richard Cowden (born October 9, 1946), his wife Belinda June Cowden (born May 24, 1952), and their children, David James Phillips (born June 30, 1969) and Melissa Dawn Cowden (born March 19, 1974), disappeared from their campground in the Siskiyou Mountains near Copper, Oregon, United States, on September 1, 1974. Seven months later, in April 1975, their bodies were discovered approximately 7 miles

(11 km) from their campsite. While law enforcement has suspected convicted killer Dwain Lee Little in their murders, their case remains unsolved.

The family's disappearance resulted in one of the largest search efforts in Oregon history, and their murders have been described as one of the state's most "haunting and baffling" mysteries. The case received nationwide attention at the time of its occurrence...

Genovese crime family

The Genovese crime family (pronounced [dʒənoʊˈvɛːze, -eʔse]), also sometimes referred to as the Westside, is an Italian American Mafia crime family and one

The Genovese crime family (pronounced [dʒənoʊˈvɛːze, -eʔse]), also sometimes referred to as the Westside, is an Italian American Mafia crime family and one of the "Five Families" that dominate organized crime activities in New York City and New Jersey as part of the American Mafia. The Genovese family has generally maintained a varying degree of influence over many of the smaller mob families outside New York, including ties with the Philadelphia, Cleveland, Patriarca, and Buffalo crime families.

The modern family was founded by Charles "Lucky" Luciano and was known as the Luciano crime family from 1931 to 1957, when Vito Genovese became boss. Genovese was head of the family during the McClellan hearings in 1963, which gave the Five Families their current names. Originally in control of the...
