

Planner

Planner (programming language)

Planner (often seen in publications as "PLANNER" although it is not an acronym) is a programming language designed by Carl Hewitt at MIT, and first published

Planner (often seen in publications as "PLANNER" although it is not an acronym) is a programming language designed by Carl Hewitt at MIT, and first published in 1969. First, subsets such as Micro-Planner and Pico-Planner were implemented, and then essentially the whole language was implemented as Popler by Julian Davies at the University of Edinburgh in the POP-2 programming language. Derivations such as QA4, Conniver, QLISP and Ether (see scientific community metaphor) were important tools in artificial intelligence research in the 1970s, which influenced commercial developments such as Knowledge Engineering Environment (KEE) and Automated Reasoning Tool (ART).

Urban planner

city planner, town planner, regional planner, long-range planner, transportation planner, infrastructure planner, environmental planner, parks planner, physical

An urban planner (also known as town planner) is a professional who practices in the field of town planning, urban planning or city planning.

An urban planner may focus on a specific area of practice and have a title such as city planner, town planner, regional planner, long-range planner, transportation planner, infrastructure planner, environmental planner, parks planner, physical planner, health planner, planning analyst, urban designer, community development director, economic development specialist, or other similar combinations. The Royal Town Planning Institute is the oldest professional body of town and urban planners founded in 1914 and the University of Liverpool established the first dedicated planning school in the world in 1909, followed by Harvard University in 1924. There also...

Journey planner

A journey planner, trip planner, or route planner is a specialized search engine used to find an optimal means of travelling between two or more given

A journey planner, trip planner, or route planner is a specialized search engine used to find an optimal means of travelling between two or more given locations, sometimes using more than one transport mode. Searches may be optimized on different criteria, for example fastest, shortest, fewest changes, cheapest. They may be constrained, for example, to leave or arrive at a certain time, to avoid certain waypoints, etc. A single journey may use a sequence of several modes of transport, meaning the system may know about public transport services as well as transport networks for private transportation.

Trip planning or journey planning is sometimes distinguished from route planning, which is typically thought of as using private modes of transportation such as cycling, driving, or walking, normally...

Financial planner

A financial planner or personal financial planner is a qualified financial advisor. Practicing in full service personal finance, they advise clients on

A financial planner or personal financial planner is a qualified financial advisor. Practicing in full service personal finance, they advise clients on investments, insurance, tax, retirement and estate planning.

As a general rule, a financial planner's work can:

integrate into the range of professional services (eg: lawyer, accountant); or

integrate into the offer of a range of financial products and services (eg: financial advisor, insurance agent); or

not be integrated into other products or services, providing stand alone financial planning.

Professional transportation planner

transportation planner is certified in one of two ways: as a Certified Transportation Planner by the American Institute of Certified Planners, the professional

A professional transportation planner is a professional engaged in the practice of transportation planning, relating to the transportation aspects of urban planning and infrastructure planning.

Wedding planner

A wedding planner is an event planner who assists with the design, planning, and management of a client's wedding. Other names include wedding consultant

A wedding planner is an event planner who assists with the design, planning, and management of a client's wedding. Other names include wedding consultant, wedding designer, wedding coordinator, and wedding director.

Professional wedding planners are based worldwide but the industry is the largest in the US, India, western Europe and China. Before the introduction of professional wedding planners, which became a recognized job in the 1990s, most of the work usually fell to the bride's mother or sister.

Planners are also popular with couples planning a destination wedding, where the documentation and paperwork can be complicated. Any country where a wedding is held requires different procedures depending on the nationality of each the bride and the groom.

Franklin Planner

Franklin Planner is a paper-based time management system created by Hyrum W. Smith first sold in 1984 by Franklin International Institute, Inc. The planner itself

The Franklin Planner is a paper-based time management system created by Hyrum W. Smith first sold in 1984 by Franklin International Institute, Inc. The planner itself is the paper component of the time management system developed by Smith. Hyrum Smith in turn based many of his ideas from the teachings of Charles Hobbs who utilized a similar instrument called the Day-Timer, which predated the Franklin Planner.

The planner pages are drilled, loose-leaf style pages in different sizes and formats. Formats have been updated through the years, but most planners contain areas for an appointment schedule, prioritized daily tasks, and notes. A key section at the rear of the planner contains addresses. Other inserts include ledger sheets for tracking finances or vehicle mileage, exercise logs, and other...

Certified mortgage planner

In the United States certified mortgage planner is a designation for the purpose of establishing a new professional category in the mortgage sector: one

In the United States certified mortgage planner is a designation for the purpose of establishing a new professional category in the mortgage sector: one that arose as a response to criticisms of the mortgage banking industry. The term "mortgage planner" has been adopted as a generic niche term for mortgage originators who choose to assist borrowers on a more personal level by incorporating the mortgage decision with a borrowers short and long-term financial objectives. The term "certified mortgage planner" is an effort to validate through education and subsequent certification a mortgage originator that has had specific training for the purpose of incorporating the mortgage decision with a Borrowers short and long-term financial objectives.

Certified Financial Planner

Certified Financial Planner certification is a professional certification mark for financial planners conferred by the Certified Financial Planner Board of Standards

The Certified Financial Planner certification is a professional certification mark for financial planners conferred by the Certified Financial Planner Board of Standards (CFP Board) in the United States, and by 25 other organizations affiliated with the Financial Planning Standards Board (FPSB), the owner of the CFP mark outside of the United States. The certification is managed by the Certified Financial Planner Board of Standards, Inc. (CFP Board), which was founded in 1985 as a 501(c)(3) non-profit organization; it is neither a government designation nor an accredited degree.

To receive authorization to use the designation, a candidate must meet education, examination, experience, and ethics requirements and pay an ongoing certification fee.

In the United Kingdom, the CFP licence/designation...
