Susan B. Anthony (born Susan Anthony; February 15, 1820 – March 13, 1906) was an American social reformer and women's rights activist who played a pivotal role in the women's suffrage movement. Born into a Quaker family committed to social equality, she collected anti-slavery petitions at the age of 17. In 1856, she became the New York state agent for the American Anti-Slavery Society.

In 1851, she met Elizabeth Cady Stanton, who became her lifelong friend and co-worker in social reform activities, primarily in the field of women's rights. Together they founded the New York Women's State Temperance Society after Anthony was prevented from speaking at a temperance conference because she was female. During the Civil War they founded the Women's Loyal National League, which conducted the largest...

The Susan B. Anthony dollar is a United States dollar coin minted from 1979 to 1981, when production was suspended due to poor public acceptance, and then again in 1999. Intended as a replacement for the larger Eisenhower dollar, the new smaller one-dollar coin went through testing of several shapes and compositions, but all were opposed by the vending machine industry, a powerful lobby affecting coin legislation. Finally, a round planchet with an eleven-sided inner border was chosen for the smaller dollar.

The original design for the smaller dollar coin depicted an allegorical representation of Liberty on the obverse, but organizations and individuals in Congress called for the coin to depict a real woman. Several proposals were submitted, and social reformer Susan B. Anthony was selected...

United States v. Susan B. Anthony was the criminal trial of Susan B. Anthony in a U.S. federal court in 1873. The defendant was a leader of the women's suffrage movement who was arrested for voting in Rochester, New York in the 1872 elections in violation of state laws that allowed only men to vote. Anthony argued that she had the right to vote because of the recently adopted Fourteenth Amendment to the U.S. Constitution, part of which reads, "No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States."

The judge, Ward Hunt, was a recently appointed U.S. Supreme Court Justice who had responsibility for the federal circuit court in which the trial was held. He did not allow the jurors to discuss this case but instead directed them...

Susan B. Anthony Pro-Life America (formerly Susan B. Anthony List) is an American 501(c)(4) non-profit organization that seeks to reduce and ultimately end abortion in the US, by supporting anti-abortion politicians, primarily women, through its SBA Pro-Life America Candidate Fund political action committee.

Founded in 1993 by sociologist and psychologist Rachel MacNair, the SBA List was a response to the success of the abortion rights group EMILY's List, which was partly responsible for bringing about the 1992 "Year of the Woman", in which a significant number of women who favored abortion rights were elected to Congress. MacNair wished to help anti-abortion women gain high public office.

MacNair recruited Marjorie Dannenfelser and Jane Abraham as the first experienced leaders of SBA List...

Susan B. Anthony was a leader of the American women's suffrage movement whose position on abortion has been the subject of a modern-day dispute. The dispute has primarily been between anti-abortion activists, who say that Anthony expressed opposition to abortion, and acknowledged authorities in her life and work who say that she did not.

Since about 1989, some anti-abortion feminists have asserted that Anthony was anti-abortion and would support that side of the modern debate over the issue. A prominent supporter of this viewpoint has been Marjorie Dannenfelser, president of the Susan B. Anthony List, a political organization that seeks to end abortion through the electoral process. Others include Cat Clark and Rachel MacNair of the Feminists for Life, a feminist and anti-abortion organization...
