Intro

Life's real luxuries aren't things you can buy

You have a 1,000 problems until you have a health problem

Move your body every single day

Decide what kind of 80-year-old you want to be

Your best years are still ahead of you

Your energy is your greatest currency

Love is everywhere

Nurture your friendships

Family isn't forever

Children don't want your time as much as they want your energy and presence

Midlife isn't a crisis. It's a checkpoint

What once broke you was the very thing that built you

Plan like an adult, dream like a child

Consult your past and future selves

Be willing to look foolish

Life begins at 40

Rest is not laziness

Silence isn't empty. It's full of answers

Simplify everything

Stop outsourcing your happiness to someday

Balance savouring life with making an impact

Pain + reflection = progress

Children follow your example, not your words

Make \"better than yesterday\" your baseline goal

You're rewarded for impact, not intention

Happiness is an attitude, not a circumstance

You can't complain your way into a better future

Gratitude unlocks the fullness of life

The root of unhappiness is avoiding responsibility

You can't thrive alone

Every season you go through is a classroom

Nothing is a coincidence and everything is connected

When you outgrow who you used to be, not everyone will cheer

The secret to success is giving

Never stop learning

Skill stacking makes you adaptable and unique

Half of wisdom is unlearning

Don't take advice from spectators

There is no hero's journey without the unknown

One focused year can change everything

If you want what few people have, do what few people do
