

4 Bolt

Main bearing

com. 2 January 2018. Retrieved 29 November 2019. "Are 4 bolt main blocks stronger than 2 bolt main blocks?". www.badasscars.com. Retrieved 1 December

A main bearing is a bearing in a piston engine which holds the crankshaft in place and allows it to rotate within the engine block.

The number of main bearings per engine varies between engines, often in accordance with the forces produced by the operation of the engine. Main bearings are usually plain bearings or journal bearings, held in place by the engine block and bearing caps.

Bolt action

Bolt action is a type of manual firearm action that is operated by directly manipulating the turn-bolt via a bolt handle, most commonly placed on the

Bolt action is a type of manual firearm action that is operated by directly manipulating the turn-bolt via a bolt handle, most commonly placed on the right-hand side of the firearm (as most users are right-handed). The majority of bolt-action firearms are rifles, but there are also some variants of shotguns and handguns that are bolt-action.

Bolt action firearms are generally repeating firearms, but many single-shot designs are available particularly in shooting sports where single-shot firearms are mandated, such as most Olympic and ISSF rifle disciplines.

From the late 19th century all the way through both World Wars, bolt action rifles were the standard infantry service weapons for most of the world's military forces, with the exception of the United States Armed Forces, who used the M1...

and the world record holder in the 100 metres, 200 metres, and 4 × 100 metres relay. Bolt is the only sprinter to win Olympic 100 m and 200 m titles at

Usain St. Leo Bolt (; born 21 August 1986) is a Jamaican retired sprinter who is widely regarded as the greatest sprinter of all time. He is an eight-time Olympic gold medalist and the world record holder in the 100 metres, 200 metres, and 4 × 100 metres relay.

Bolt is the only sprinter to win Olympic 100 m and 200 m titles at three consecutive Olympics (2008, 2012, and 2016). He also won two 4 × 100 relay gold medals. He gained worldwide fame for his double sprint victory in world record times at the 2008 Beijing Olympics, which made him the first person to hold both records since fully automatic time became mandatory.

An eleven-time World Champion, Bolt won consecutive World Championship 100 m, 200 m and 4 × 100 metres relay gold medals from 2009 to 2015, with the exception of a 100 m false...

Bolt is a 2008 American animated adventure comedy film produced by Walt Disney Animation Studios and released by Walt Disney Pictures. It was directed by Chris Williams and Byron Howard and produced by Clark Spencer, from a screenplay written by Williams and Dan Fogelman. The film stars the voices of John Travolta, Miley Cyrus, Susie Essman, Mark Walton, Malcolm McDowell, James Lipton and Greg Germann. This was also one of the final film roles for Lipton before his death in 2020, the other being Metro-Goldwyn-Mayer's Igor, which was released two months before this film.

The film's plot centers on a dog named Bolt, who has spent his entire life on the set of a television series and firmly believes that he has superpowers. When his beloved owner Penny is "kidnapped" on the show, Bolt runs away...

Bolt (climbing)

In rock climbing, a bolt is a permanent anchor fixed into a hole drilled in the rock as a form of climbing protection. Most bolts are either self-anchoring

In rock climbing, a bolt is a permanent anchor fixed into a hole drilled in the rock as a form of climbing protection. Most bolts are either self-anchoring expansion bolts or fixed in place with liquid resin. Climbing routes that are bolted are known as sport climbs, and those that do not use (or allow) bolts, are known as traditional climbs.

The Chevrolet Bolt EV (marketed in Europe as Opel Ampera-e) is a battery electric subcompact hatchback manufactured and marketed by General Motors under its Chevrolet brand from late 2016 until late 2023, with a brief hiatus between mid-2021 and early 2022.

The first-generation Bolt was developed and manufactured with LG Corporation. Sales of the 2017 Bolt began in California in December 2016; it was released nationwide and international markets release in 2017. A rebadged European variant was marketed as the Opel Ampera-e in mainland Europe. In 2017, the Bolt was the second-best-selling plug-in car in the United States. It was named the 2017 Motor Trend Car of the Year, the 2017 North American Car of the Year, an Automobile magazine 2017 All Star, and was listed in Time magazine's Best 25...

The BOLT Browser was a web browsing system for mobile phones including feature phones and smartphones able to run Java ME applications. The BOLT browser was installed on the phone, and BOLT servers accessed Web pages, processed and compressed them, and delivered them to phones running the browser. The BOLT Browser was offered free of charge to consumers, and by license to mobile network operators and handset manufacturers. BOLT was produced by Bitstream Inc., the company which previously produced ThunderHawk for mobile network operators and handset manufacturers.

BOLT was originally introduced into private beta on January 15, 2009 and was made available to the public on February 16, 2009 when the public beta was announced at Mobile World Congress in Barcelona. BOLT supported Java-based handsets...

A bolt cutter, sometimes called bolt cropper, is a tool used for cutting bolts, chains, padlocks, rebar and wire mesh. It typically has long handles and

A bolt cutter, sometimes called bolt cropper, is a tool used for cutting bolts, chains, padlocks, rebar and wire mesh. It typically has long handles and short blades, with compound hinges to maximize leverage and cutting force. A typical bolt cutter yields 20 kilonewtons (4,500 lbf) of cutting force for a 250 newtons (56 lbf) force on the handles.

There are different types of cutting blades for bolt cutters, including angle cut, center cut, shear cut, and clipper cut blades. Bolt cutters are usually available in 12, 14, 18, 24, 30, 36 and 42 inches (30.5, 35.6, 46, 61, 76, 91.4 and 107 cm) in length. The length is measured from the tip of the jaw to the end of the handle.

Angle cut has the cutter head angled for easier insertion. Typical angling is 25 to 35 degrees.

Center cut has the blades...
